

The Gantt chart displays task completion progress. A vertical blue line indicates the current time. Tasks are represented by horizontal bars: solid black, solid orange, solid purple, dashed orange, dashed purple, and dotted orange. Two grey arrows indicate completion percentages: '75% complete' for the top section and '0% complete' for the bottom section.

0% complete

A horizontal line is shown, divided into two segments. The left segment is blue and labeled 'a'. The right segment is red and labeled 'b'.
